Profile

As a proactive computer graphics student, I am actively seeking an internship opportunity where I can apply my skills and passion to contribute to a company's projects. I am a quick learner and possess the ability to work efficiently both independently and as part of a team. With a strong work ethic, a can-do attitude, and adaptability to changes, I enjoy collaborating with people from diverse backgrounds.

My true passion lies in procedural modeling, visual effects, lighting, and compositing. I am also proficient in multiple 3D software programs and eager to learn more.
